System for applying for permission to operate a business for foreign investors 'e-Foreign Business'

On 20 May B.E. 2567 (2024), the Department of Business Development held a meeting with the important matters of the Foreign Business Act of B.E. 2542 (1999), Department of Business Development prepare to open a new online service “e-Foreign Business”, which is a system for applying for permission to operate a business by foreign investors under Foreign Business Operations Act which will be ready for full service in July B.E. 2567 (2024). The “e-Foreign Business” will provide a complete electronic service, including filing applications for licenses/certificates of business operations of foreigners through online channels, electronic payment (e-Payment), electronic receipt (e-Receipt), electronic signature (Digital Signature), issuance of electronic license/certificate (e-Foreign Business License/e-Foreign Certificate). The service receiver can instantly download licenses/certificates via online channels through the e-Foreign Business system.
